Charging the headphones

- a) lift up the rubber cover, connect the micro USB port with the charging cable;
- b) plug the charging cable USB end with  marking to an USB port power source;
- c) RED LED lights up, indicates charging;
- d) when speaker is fully charged (approx. 2 hrs), LED will turn off

NFC™ Pairing with your phone

If your smart phone is NFC enabled,

- a) press and hold [play/call]  button 3sec to turn headphones ON;
- b) wait till LED flashing fast (8x/sec.) to show ready for pairing;
- c) locate the NFC antenna spot on your smart phone;
- d) NFC antenna is now on the outside of the headphones' right side housing,
- e) align NFC antennas as close as possible, you will hear a 'cling' sound when they matched,
- f) wait for a few second and you will hear a 'Bloop' sound from the headphones and its blue LED will lit continuously. The pairing is completed now.

Note-

1. "The N-Mark is a trademark or registered trademark of NFC Forum, Inc. in the United States and in other countries."
2. Some phone models are NFC enabled, but their NFC Apps were not built-in. For these models you will need to install a NFC Apps and activate the NFC function on your phone— Please visit our website to download the driver installer : <http://www.manova.com.hk/download.php>

**Pairing the headphones (manually)- if your phone is NOT NFC enabled**

- a) press and hold [play/call]  button 3sec to turn headphones ON;
- b) wait till LED flashing fast (8x/sec.) to show ready for pairing;
- c) for first time, browse smart phone Bluetooth device list, search and select the one 'SPRINTER';
- d) wait till a beep tone on the headphones which is sent from your phone, and then the blue LED constant lit;
- e) now pairing connection is successful

When you need to disconnect the headphones;

- f) switch off Bluetooth function on your smart phone,
- g) the headphones' blue LED will flash slowly (1x/sec.)
- h) then press and hold [play/call]  button 3sec to turn headphones OFF, (the pairing memory will be kept there)

Next time when you turn ON the headphones again, it will automatically connect to your smart phone again and blue LED lit constant (your smart phone's Bluetooth function also need to be ON and is nearby <5M)

If you need to pair the speaker with a new smart phone;

- i) switch off Bluetooth function on your smart phone,
 - j) then power on your new smart phone's Bluetooth function.
 - k) after press and hold [play/call]  button 1sec to reset, the headphones' blue LED will be flashing fast again (8x/sec.), and
- Then you repeat steps as in above a) to e).

**Wearing the headphones**

1. default in-ear pads are M (mid) size, you may pull out and re-snap in the Large or Small size accessory pad pairs to the earphone tubes, whichever suits you more comfortably,
2. there are built-in magnets holding the headphones as one piece,
3. hold the left side and right side, open/separate the headphones and put neckband over the back of your neck,
4. rest the neckband loop parts hanging over your left and right ears
5. tuck-in the left and right earphones (with pads) against your ear holes that you feel comfortable and secure (fit to the outer opening part of your ear canals)
6. do the other way around step 5>4>3>2 to take off the headphones, or you may snap the headphones together and let them rest around your neck like a necklace, ready to wear again conveniently

**Call-pick function**

When headphones are connected to your smart phone (blue LED lit continuously), whenever there is an incoming call ring, you can press [play/call]  button once on right earphone side to pick up and use the headphones as speaker phone. (press button once again will switch the call to your smart phone)

**How to Use / Controls****Adjust volume**

During music playback or call, press & hold [+/-next]  to increase speaker volume, or [-/previous]  to reduce speaker volume. You have to press and hold until adjust volume to desire level.

Next-forward / Previous-backward

During music playback, press [+/-next]  once will forward to play next track; press [-/previous]  once will backward to previous track. You may press multiple times to forward or backward multiple tracks in a jump.

Play/Pause

During music playback, press [play]  once will pause playback, press again to resume play.

Battery low > recharge

There will be some beeping alert sound during playback. Then charge the headphones as mentioned steps in above section.

Specifications:

dimensions:
